

AS U202 surface mounted profile can be applied to all types of floors and load bearing capacity is designed for cars. Easy installation, pure metal structure, maintenance-free and wear resistance properties make it favorable also for places with heavy pedestrian traffic. Base frames of the profile are fixed on the surface and movable center plate meets horizontal and lateral shear displacements.

- Application Areas** : Indoor & Outdoor / Floor
- Ideal for** : Car Parks, Airports, Shopping Malls, Residences, Hospitals, Hotels, Commercial and Public Buildings etc.
- Material** : Mill Finish Aluminum (Anodizing optional), ST 37 Steel, Stainless Steel
- Aluminum Alloy** : 6063 AA-USA / EN AW 6063
- Optional Supplies** : Fire Barrier, Waterproof EPDM membrane

**FLOOR**

\* Visuals are representative and the profile configuration may differ depending on the characteristics requested.
