

AS A259 flush mounted profile is applicable to all types of floors and load bearing capacity is designed for pedestrians. Dual cavity elastomeric gasket gains the profile high movement ability and can easily be changed without demounting the profile. Profile can meet horizontal & lateral shear movements. Smooth gasket design prevents the accumulation of dirt and other external factors on the profile and makes it favorable for the places where hygiene is required. It can be applied with wall profile AS 159 as matching model.

- Application Areas** : Indoor & Outdoor / Floor
- Ideal for** : Residences, Offices etc.
- Material** : Mill Finish Aluminum (Anodizing optional), TPE Gasket, Stainless Steel Spring
- Aluminum Alloy** : 6063 AA-USA / EN AW 6063
- Optional Supplies** : Fire Barrier, Waterproof EPDM membrane
